Generous Family Foundation Donates \$250,000

There is an incredible sense of joy that resonates when an individual, corporation or foundation makes the decision to support our mission.

Recently, we received the news that a Foundation, that wishes to remain anonymous, chose to support our Pat Roche Hospice Home with a \$250,000 donation. No words can do justice to the appreciation we feel for this incredible donation.

Hospice work is a challenging vocation but feeling the support of our community who recognize the necessity of this home of hope, compassion and dignity strengthens our nurses, physicians, aides, social workers, and chaplains.

This issue of **Call To Care** is truly a celebration of the support we receive every month. Our donations are as diverse as the patient population we see every day. Thanks to the committed and strong dedication of our Charitable Fund Board of Trustees,

we are receiving gifts from our estate planning, annual fund, event program, memorials and outright leadership gifts. Every gift is important and affects patients immediately.

Our NVNA and Hospice Charitable Fund Board of Trustees work tirelessly for our mission. Our fundraising success is due to their united front of joyful support for our patients and their families. I am forever grateful.

Sincerely,

Renee McInnes, RN
